EXCERPT FROM GODWIN COUNTY ZONING ORDINANCE

Section 1505 VARIANCE

The Board of Adjustment may authorize in specific cases such variances from the terms of this ordinance upon request of a property owner or his authorized agent and may require any evidence necessary to make a determination of the case. Before the board may grant any variance, the board must find that all of the following conditions exist for an individual case:

A. There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape or topography that are not applicable to other lands or structures in the same district;

B. Granting the variance requested will not confer upon the applicant any special privileges that are denied to other residents in the district in which the property is located;

C. The literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by other residents of the district in which the property is located;

D. The requested variance will be in harmony with the purpose and intent of this ordinance and will not be injurious to the neighborhood or to the general welfare;

E. The special circumstances are not the result of the actions of the applicant;

F. The variance requested is the minimum variance that will make possible the legal use of the land, building or structure;

G. The variance is not a request to permit a use of land, building or structure which is not permitted by right or by special exception in the district involved and will not constitute any change in district boundaries; and

H. The existence of a nonconforming use of neighboring land, buildings or structures in the same district or of permitted or nonconforming uses in other districts does not constitute a reason for approval of the requested variance. In granting a variance, the Board may attach and the record shall reflect such conditions regarding the location, character and other features of the proposed building, structure or use as it may deem advisable. The record shall also state in detail any exceptional difficulty or unnecessary hardship upon which the request was based and which the Board finds to exist.

Any variance granted becomes null and void if not exercised within the time specified in such approvals, or if no date is specified, within one calendar year from the date of such approval. If the board denies the variance request, it shall enter the reason for its action in the minutes of the meeting at which the action is taken. In the event of a denial, the Board of Adjustment shall not consider resubmission of the application for the same variance request on the same property without a substantial material change concerning the property and the application.
